PRESTON PLACE FATALLY HURT IN FARM MISHAP

Preston N. Place, 44, of 702 Berryville Ave., Winchester, Va., and a former resident of Littlestown, was killed instantly at 8 p.m. Wednesday when the tractor he was driving overturned on him. Head of a tire and vulcanizing firm, Place Brothers on Valley Pike, Va., he was working alone on his farm at the outskirts of the city harvesting wheat at the time of the accident. Eyewitnesses said the tractor upset onto a roadway on the farm. They blamed mechanical failure of the tractor as the cause of the fatal accident.

Mr. Place was born in Frederick County, Va., on November 18, 1909, a son of A. L. and Sarah Omps Place. He resided in that section most of his life time, but lived in Adams County for eight years, when he served as a partner of Place Brothers Tire and vulcanizing firm, which was located along the Hanover Rd., at the edge of Littlestown.

He was a member of the Kernstown Methodist Church where he served on the Board of Stewards; a member of the Eagle Club.

Finally after 3 hours Burgess William G. Weaver was asked if the ladder truck could be brought to rescue the cat.

Larry Kepner Learning To Use \$900 Pair Of New Legs That Add Eight Inches To His Height

Larry Kepner, Gettysburg's plucky little legless boy, grew eight inches the other day.

He got his second pair of artificial legs that added eight inches to the stature of the seven-year-old son of Mr. and Mrs. Paul Kepner, 309 Baltimore St., and lift his sturdy little body 21 inches off the ground.

Larry was fitted with the new legs that have knee and hip joints and feet just like his real pair—and the Adams County Crippled Children's Society is paying the \$900 bill.

The cost of the new legs for Larry wipes out the \$783 balance in the society's Larry Kepner Fund and they had to dip into Eastern Seal sale funds to pay off the balance. The fund was given by county organizations and individuals.

Larry went back to the Kessler Institute at W. Orange, N. J., to get his new legs which were made in Newark by Dr. Jerry Kessler, son of Dr. Henry H. Kessler, head of the Kessler Institute. A week and a day later Larry was home with his new legs.

He is rapidly becoming accustomed to his new limbs, he will continue to become adept and confident in the use of his new limbs, he will continue (Continued on Page 10)

Jr. Red Cross Nets \$1.87 From Juvenile Cast

A profit of \$1.87 secured from a theatrical production Thursday afternoon was turned over immediately by the cast to the Junior Red Cross. In fact the whole cast went down to the Red Cross office to turn in the money.

The production, which was written, cast, directed, costumed, lighted, and generally supervised by the persons who made up the cast, was presented on the back porch at the home of Mr. and Mrs. Gordon Adair to some 30 friends of the cast. Several of whom, the producers said, "were old, a couple are even in high school."

Mary Lee Adair, 10-year-old daughter of Mr. and Mrs. Gordon Adair not only served as executive producer, but also portrayed the principal male lead. Miss Theresa Abell, S. Washington St., about the same age, portrayed the second male lead. Miss Jane Elizabeth Roth, 10, South St., and her eight-year-old house guest, Miss Joan Hagerty, West Chester, had the female roles.

New Play Next Week
Young James Adair served as salesman of refreshments which brought in most of the money turned over to the Red Cross.

Despite some difficulties with falling curtains, which necessitated re-starting the play four times, the production was adjusted a success.

Principal source of revenue was an ice cold soft drink made from a five-cent packet of powder. Since the cast had two bags of the soft drink powder left over after the performance, it is planning a second play next week.

Blasts Rip Chestertown; 20 Are Hurt

CHESTERTOWN, Md. (AP) — Blast after blast ripped through a fireworks plant on the west edge of Chestertown today for more than an hour and authorities ordered the town evacuated.

They feared the explosions might reach large stores of nitroglycerin and other explosives in magazines at the Kent Manufacturing Co.

It could not be determined immediately if any of the plant's 275 workers had been killed but one witness said it would be a miracle if there were no dead.

20 Casualties
Twenty casualties were taken to Kent-Queen Anne Hospital.

Hundreds of residents, including mothers pushing baby carriages, fled across the Chester River bridge to safety.

Chestertown, population 3,140, is directly east from Baltimore across Chesapeake Bay.

There was one big explosion as late as 11:20 a.m., 50 minutes after the first blast.

Wallace H. Ford, county tax assessor, said he was the only one left in the courthouse by that time and the bridge across the river into the adjoining county was jammed with cars fleeing town.

Rescue workers concentrated their first efforts at clearing houses near the plant.

TWO CHILDREN GIVEN GASTON LIFE INSURANCE

Two children by the first marriage of John B. Gaston, late of Gettysburg R. D., will be the recipients of three life insurance policies, according to a decree handed down by the Adams County Court.

Payment of the policies had been held up until the court decided the person or persons to which the money should be paid by the Penn Mutual Life Insurance Co., holder of the policies.

The action came automatically when the second wife of the late Mr. Gaston did not file any claim during a 20-day period in which such claims were to be filed.

Allowed Counsel Fees
The whole matter began some months ago after the death of Mr. Gaston when it appeared that there were four heirs. The insurance company asked the court to rule on the person or persons to whom the policies should be paid. In the meantime, as evidence of good faith, the company turned over \$1,138.44 from the policies to the prothonotary of Adams County.

In May the court handed down an opinion allowing the Penn Mutual costs and \$100 for counsel fees in the action in equity. At the same time the court directed Hazel S. Gaston, Kathryn D. Gaston and two children, Evelyn Valerie and Sandra Louise, by The Gettysburg National Bank, as their guardian to list their claims to the insurance.

Motion Granted
In June, Mrs. Kathryn Gaston and the two children, through the bank, filed with the court an agreement entered between Kathryn Gaston and her husband at that time, John Gaston, stating the insurance policies would be kept up by Mr. Gaston with the children as sole beneficiaries.

When Mrs. Hazel Gaston failed to enter a claim within the 20-day period allotted, the court on motion decreed that the money should be paid to the bank as guardian of the children. The decree provides that the prothonotary turn over to the bank, the \$1,138 already paid in to the court, and that the Penn Mutual pay the remainder to the guardian. The decree also states that after the payment is received by the guardian the insurance company will be relieved of all further liability in the case.

COUPLE TO WED
A marriage license has been issued at the court house to John Gifford Arnsberger, son of Mr. and Mrs. John W. Arnsberger, Biglerville, and Jean Louise Kennel, daughter of Walter H. Kennel, Gettysburg R. 2.

39 Per Cent Slashed From Ike's \$1,959,958,267 Bill By Appropriations Committee

WASHINGTON (AP)—Singling out civil defense, military and hospital construction and shipbuilding programs as special targets, the House Appropriations Committee today slashed 39 per cent from President Eisenhower's requests for \$1,959,958,267 in emergency appropriations.

If sustained by the house, the committee's action will represent the biggest percentage cut of 1954, and one of the largest in decades, in any presidential money requests. The House will consider the GOP-dominated committee recommendations early next week.

For the 10 federal programs involved in an omnibus supplemental appropriation bill—providing funds not allotted in regular money measures—the committee recommended \$1,194,188,079, a reduction of \$766,770,188 from amounts requested by the President.

Not Too Drastic
Actually, however, the overall cut was not as drastic as it appeared on the surface.

This was particularly true in the case of military construction, for which the President requested \$1,100,000,000 in new money and the committee recommended only \$571,600,000. The committee said the Defense Department should use unobligated balances of previously allotted funds to help foot

the construction bill, instead of seeking new cash and retaining the balances.

The Defense Department sought approval for a public works program of \$1,427,622,000, of which the committee approved \$1,235,958,000 with the understanding that more than half of the total be financed from unobligated balances.

Big Air Force Cut
The Air Force bore the brunt of the cuts in new appropriations. It requested \$945,997,000 and was given \$484,080,000, plus \$350,000,000 of unobligated balances. The Navy wanted 140 million and got \$73,517,000, with authority to dip into some of its 300 million balance for the 1955 fiscal year program. The Army requested, and received, only \$503,000 in new cash. Its public works program will be financed out of current balances.

For ship construction under direction of the Maritime Administration, the President requested \$82,690,000. The committee approved \$11,100,000, all of it earmarked for experimental modernization of four reserve fleet Liberty ships.

10,000 FRENCH SMASH TODAY AT VIETMINH UNITS

HANOI, Indochina (P)—Ten thousand French Union troops, backed by tanks and warplanes, smashed today at Vietminh forces entrenched in two positions west and northeast of Hanoi. A French briefing officer said losses were appreciable on both sides.

The assaults began yesterday when 5,000 French Union troops in mobile infantry units barreled out of Luc Nam to hit Communist-led rebels dug in on a river bank six miles west of the town. This area is 35 miles northeast of Hanoi.

Twenty-five miles west of Hanoi, mobile infantry rolled southward out of Son Tay behind a spearhead of tanks in a four-pronged attack against Vietminh attempting to pick off French posts in that area.

Biggest Drives In Weeks
The officer said both assaults pushed the rebels from their positions although fighting still raged today.

The two attacks, the biggest French drives in weeks, were designed to relieve increasing Vietminh pressure in those two areas. The Vietminh hit near Luc Nam have been trying to isolate defense garrisons in that area for 10 days. The pressure had become so great the French pulled the 80-man garrison out of Camp Durolin, between Luc Nam and Phu Lang Thung, after four nights of successive rebel attacks. A mobile group was sent to aid the garrison in the withdrawal.

39 Per Cent

(Continued from Page 1)
over funds, was allotted \$43,325,000 plus the carryover. Biggest reduction was in funds requested for stocking emergency supplies and equipment. For this project, the committee approved only 25 million of the 60 million requested. The committee rejected the entire \$35 million requested for the President's new program to help states build chronic disease hospitals and similar facilities. It approved 2 million to help states make surveys of their needs in this field and said it was in sympathy with the program but felt that more harm than good may be done "by proceeding before any but the most sketchy plans are available."

Other Decisions
On other presidential requests, committee actions included these: Legislative department: approved \$234,785 to build up and equip a reorganized Capitol police force of 200 men, on a career basis of the present patronage basis.

Bureau of Employment Security: Cut the 43 million request to \$4,600,000 for grants to states for administration of unemployment compensation and employment service programs, with the new money earmarked for work load increases and for state-approved salary boosts. The entire \$48,400,000 requested for unemployment compensation for veterans was approved.

New federal court facilities: Approved 3 million of the \$4,800,000 sought. The committee said it believes justice can be dispensed as well from a chair costing \$100 as from one costing \$174 and from a \$200 desk as well as from one costing \$341. It frowned on proposed expenditures of \$15 each for wastebaskets for new judiciary offices.

SAYS GIFTS TO FHA "COMMON"

WASHINGTON (P)—A Richmond, Va., builder who said he is a friend of Clyde L. Powell, ousted Federal Housing Administration official, told probing senators today it was a common practice for builders to give gifts to FHA employees.

Bertram Bonner of Richmond, New York and Florida said he would not call Powell an "intimate" friend but acknowledged under a barrage of questions that Powell had "dropped by and paid his respects" maybe once or twice, including once in Florida.

He said he did not recall that Powell ever stayed overnight with him. Powell, former FHA official in charge of rental housing programs at the time Bonner built seven government-backed apartment projects, has twice refused to testify before the Senate Banking Committee in its probe of government housing programs. He stood on his constitutional rights not to be a witness against himself.

Chairman Capehart (R-Ind.) said at one point in the questioning of Bonner: "It's like pulling teeth here to get information out of this gentleman."

STOCKS MIXED

NEW YORK (P)—The stock market boomed ahead briefly today in early dealings and then subsided. Prices gained fractions for the most part with only a few plus signs at a point or more. At the same time there were many minus signs throughout the list in major divisions.

ADVERTISE IN THE TIMES

TWO OUSTED, 2 REINSTATED AT FT. MONMOUTH

NEW YORK (P)—The New York Times said today that two men have been ordered reinstated and two dismissed among cases of 22 Army Signal Corps civilian employees at Ft. Monmouth, N.J., who were suspended on charges under the Eisenhower security risk program.

The Times said the decisions were the first four handed down by Secretary of the Army Robert T. Stevens among the 22 suspensions.

A check revealed that Jerome Rothstein, a Ft. Monmouth physicist for 12 years, was notified of his reinstatement yesterday.

First to be reinstated was an Electronic Warfare Center technical writer. The Army announced Monday that he had been notified he could return to work last Friday after a nine-month suspension.

Fired In October

Rothstein—now finally cleared—was chief of the Physical Electronics Research Unit and scientific adviser of the thermionics branch at Evans Signal Laboratory when suspended last Oct. 20.

Harry Green, of Little Silver, N.J., and Ira J. Katchen of Long Branch, N.J., have served as co-counsel to Rothstein.

Lawyers withheld the names of two engineers who received letters from John W. Martyn, administrative assistant to Stevens, transmitting the removal decisions.

The two engineers, like the two reinstated men, were suspended on charges last September. The engineers were given hearings in January by the 1st Army Security Hearing Board at Governors Island here.

Services Not Required

The engineers were notified in May that the board had found that their continued employment "would not be clearly consistent with the interests of national security." The specific charge on which this was based was not detailed. The men, however, were advised that they could submit any new data to a security review board in Washington.

The final decisions announced in Stevens' name said the review board had made the same finding—again with no detailed particulars.

All the employees suspended at Ft. Monmouth—whose cases were mentioned frequently at the televised hearings on the dispute between Sen. Joseph R. McCarthy (R-Wis.) and Stevens and other Army officials—have had 1st Army hearings. The 22nd was held last Tuesday.

Besides the two dismissed, three others have been informed of adverse findings by the lower board, with an opportunity to add data.

Want Real Estate Tax Equalized

HARRISBURG (P)—The newly organized Pennsylvania Local Government Conference today urged state commissioners to adopt provisions of a 1951 law aimed at equalizing real estate tax assessments.

The conference, which includes representatives of six tax-levying bodies of local government, passed a resolution urging action by the commissioners.

Included in the conference were state associations representing Boroughs, Third Class Cities, county commissioners, first and second class townships and school directors.

At the same time, John H. Doherty, Delaware County, chairman of the organization, said a special committee has been named to study legislation adopted in 1953 which would exempt machinery from taxation after January 1956.

Is Held For Court After Long Hearing

Justice of the Peace Robert P. Snyder Thursday evening held Edward James Wantz, Emmitsburg, for court on a perjury charge. He was released under \$2,000 bail to appear for court.

Justice Snyder had withheld decision until Thursday night following a prior hearing on the case in which Wantz is accused of having given false testimony in another court trial in which he was a witness. The typed record of the hearing before the justice covers 46 pages.

WASHINGTON (P)—Sen. McCarthy (R-Wis.) today cancelled at the request of Senate Republican leaders his plans to open hearings in Boston Saturday on alleged Communist infiltration of defense plants.

ADENAUER GIVES PROD TO FRENCH

BONN, Germany (P)—Chancellor Konrad Adenauer today warned France for the second time this month that Europe will not wait much longer for her to ratify the European Defense Community.

In an interview with the Paris newspaper Aurore, the West German leader declared that "time is working for the Soviet Union" and "the delay in decision over EDC is strengthening" the Soviets.

Adenauer in a radio address on July 2 told the French that rejection of the plan to create a six-nation West European army with West Germany taking part would lead to the formation of a German national army.

French Premier Pierre Mendes-France has promised to put the EC up for a vote in the French Parliament during the first two weeks of August provided a satisfactory Indochina settlement can be reached at the Geneva conference. He has asked for revisions to make the plan acceptable to his opponents in France as well as those who approve it.

FISHING BOAT FOUND; 8 LOST

BOWERS BEACH, Del. (P)—A missing party fishing boat, chartered yesterday by a party of eight Baltimore residents, was found by Coast Guard searchers overturned this morning near 14 foot light in Delaware Bay.

First reports said four survivors and three bodies had been found, with the search for others continuing.

No names of the survivors or victims were determined immediately.

Owner of the boat was Harry Haddock, of Smyrna, who was in command of the 40-foot vessel when it sailed into the bay despite rough waters yesterday morning.

Coast Guard sources here were informed that Haddock had chartered his vessel, the Nora May, to a group of Baltimore Negroes headed by Charles W. Jones.

Included in the group were four men, three women and a boy about 12 years old.

The Nora May did not return to dock yesterday when other fishing vessels from the area halted their trips about noon because of the heavy seas.

Approve Measure To Deepen Delaware

WASHINGTON (P)—The Senate Public Works Committee has approved a bill to authorize a \$1-million-dollar appropriation to deepen the Delaware River between Philadelphia and Trenton.

The bill would have the Federal Government meet the entire cost. The Army Engineers, who would do the work, had recommended that part of the cost be met by the United States Steel Corp., or other local interests.

The proposal, which now goes to the Senate, would deepen the river to 40 feet for the 32 miles between Philadelphia and Newbold Island, near U. S. Steel's new Fairless plant, and to 35 feet for the 5½ miles to Trenton.

DOCTORS AND ADMINISTRATOR REMAIN ON JOB

EBENSBURG, Pa. (P) — The medical staff which had threatened to resign from Miners Hospital at nearby Spangler unless the hospital's administrator quit or was fired remained on the job under a court order today—and so did the administrator.

The court order which directed the 16 doctors to remain on the hospital's medical staff also directed that the administrator, State Sen. John J. Haluska (D-Cambria) avoid contact with the staff.

In issuing a temporary injunction late yesterday, Judge John H. Pentz forbade all persons connected with the case to discuss it for publication or radio or television broadcast.

Cancer Clinic Is Issue
The medical staff, headed by Dr. Willis Hall, had threatened to quit by last midnight. The ultimatum was handed down after reports that Haluska wanted to turn over the Nurses' Home at the hospital to Harry M. Hoxsey of Dallas, Tex., for a cancer clinic. Haluska subsequently denied he wished to have a cancer clinic at the hospital. However, he said he favored establishment of a Hoxsey clinic in this area.

Hoxsey claims to have perfected a medicine effective in the treatment of cancer. The treatment has been called worthless by the American Medical Assn. The Federal government secured a court injunction prohibiting Hoxsey from shipping the medicine interstate.

7 MORE TOWNS GET CHECKS FOR SEWAGE PLANTS

HARRISBURG (P) — Seven more Pennsylvania communities have been sent checks totaling \$25,486 as partial refunds on their sewage treatment plants built in conjunction with the state's Clean Streams Program.

On Monday the state sanitary water board sent out the first group of checks totaling \$186,199. Under 1953 legislation the Commonwealth will pay up to two per cent of the money spent by communities on sewage improvements made since 1937.

Recipients of the latest group of checks were Mars, Butler County, \$1,384; Royersford, Montgomery County, \$8,285; South Connellsville, Fayette County, \$2,514; Chambersburg, Franklin County, \$2,397; Camp Hill, Cumberland County, \$998; Gettysburg Municipal Authority, Adams County, \$8,322; State College, Centre County, \$1,584.

Two million dollars were provided by the legislation for disbursement during the 1953-55 biennium. The Health Department estimates that slightly less than a million dollars will be paid out this year.

A total of 116 communities have applied for the payments so far. More women than men wear glasses — 56.4 per cent of wearers are women.

FATHER DIES IN VAIN EFFORT TO RESCUE TINY SON

HAGUE, N.Y. (P) — A father died with his infant son last night in a futile attempt to save the boy as he rolled in a runaway automobile down an embankment into Lake George.

Witnesses said the man, Carl Vaux, 39, of Philipsburg, Pa., chased the car on foot and followed it into the water.

Bodies Recovered

The bodies of Vaux and his son David, 20 months, were recovered from the lake shortly afterward. Dr. Hilton H. Dier of Lake George, a Warren County coroner, issued verdicts of accidental death by drowning.

Elmer Hoffman, a desk clerk at the nearby Island Harbor House, said Vaux, his wife and four other sons had gotten out of the car to view the scenery around the lake. They left David in the automobile.

Hoffman said the car rolled down a rocky embankment and into six feet of water.

The family was believed en route home to Pennsylvania.

The meeting here formally opened the campaign of Edward G. Wilson to take over the 9th congressional seat from Republican incumbent, Paul B. Dague, of Downingtown. The ninth district embraces Lancaster and Chester Counties.

PUERTO RICAN 'DOCK WORKERS' STRIKE GOES ON

SAN JUAN, Puerto Rico (P) — A crippling strike by this island's 6,000 dock workers went into its fourth week today as a commercial airlift poured in critically needed meat and fresh produce.

American Airlines, running from New York and Miami to the only U.S. commonwealth, have drastically stepped up their freight shipments and now are moving a record 25 tons a day.

The cargo includes large quantities of high-priority butter, eggs, meat and fresh vegetables. Machinery spare parts, construction material and even such luxury goods as television sets also are being airlifted in increasing amounts.

The operation is a far cry from the vast U.S. Air Force airlift that supplied Berlin in 1949 but it means the difference between fresh and canned food for many of Puerto Rico's two million people. The island's economy is geared to sugar production and much other food normally is shipped in by sea.

Negotiations to end the strike by the AFL Maritime Workers Union continue and there were reports a wage agreement may be reached soon.

Says Reds Have 7,500 War Planes In Orient

TOKYO (P) — The Communists have an armada of 7,500 warplanes in the Far East, outnumbering U.S. combat planes 3 to 1, America's top air commander in the Pacific said today.

Yet if war were to break out "our first objective would be to gain control of the air," Gen. Earle E. Partridge, Far East Air Force commander, said in an interview.

Partridge's estimate that Russia, China and North Korea have 7,500 combat-ready planes is 1,000 planes higher than the top previous figure.

U.S. air strength totals about 2,400 bombers, fighters, reconnaissance and transport planes, the general said.

LOCK HAVEN, Pa. (P) — A Pittsburgh youth today reigned as the new governor of the 1954 Keystone Boys Camp now in session at Lock Haven State Teachers College.

In voting results reported yesterday, David Reed edged out Charles Yesche, Pittsburgh.

The American Legion sponsors the annual nine-day encampment for boys from all over the state. Other officers elected were: Robert Kiss, Pittsburgh, lieutenant governor; William G. Sekeras, Tarentum, secretary of internal affairs; David O. Rankin, McKeesport, auditor general, and Charles C. Brown, Bellefonte, treasurer.

FLYING FINS TO FIGHT AGAIN

HOLLYWOOD (P) — Gaining weight and strength after the end of their 23-day hunger strike, the Flying Finn twins expect to resume their legal battle with the federal government in about 10 days.

By that time the doctors expect

George and Charles, 40, to be strong enough to leave the hospital where they were taken after release from jail on bail Wednesday.

In the first 20 hours after ending the fast the twins each gained a pound and a half. They had lost 50 between them during the hunger strike in protest against one-year jail sentences for interfering with a government officer.

The Finns say they will pursue their fight for a C46 war surplus transport plane that started their trouble with the government. They bought the plane from a school district and reconditioned it. The government later seized it, claiming the sale was illegal.

The Red River delta of Indochina has one of the highest concentrations of population in the world, with an average in rural areas of 1,400 per square mile.

an announcement from the War De-
partment at Washington, D. C. He
has been assigned to the infantry.

A graduate of Gettysburg College,
in June, Hanson was a captain of a
R.O.T.C. company here. He is a
son of Dr. Henry W. A. Hanson,
president of the college, and Mrs.
Hanson.

Spangler reunion will be held at

**Dr. McGlynn Will Study At Col-
umbia And Harvard:** Dr. P. J. Mc-
Glynn, Baltimore Street, announced
today that on July 29 he will leave
Gettysburg to pursue courses in
gynecology and surgery at the med-
ical schools at Columbia and Har-
vard universities. He plans to be
gone a year.

A graduate of Hahnemann medical
college in Philadelphia in 1932, Dr.
McGlynn has been practicing in
Gettysburg since January, 1934. He
is married to the former Miss Ann
Keet, daughter of Mr. and Mrs.
Wayne M. Keet, Chambersburg
Street. Mrs. McGlynn will accom-
pany her husband during his year
of study.

Dr. J. P. Rhoades, of Frederick-
burg, Pa., will take over Doctor Mc-
Glynn's practice here while the lat-
ter is away. Doctor Rhoades, a
graduate of the University of North
Carolina and the University of
Maryland, will occupy the McGlynn
office and apartment on Baltimore
street.

**2 Teeth Of Girl, 12, Knocked Out
By Mishap, Replaced By Dentist:**
The upper front teeth of a 12-year-
old Gettysburg girl which were
knocked completely from their sock-
ets when the girl struck a car while
bicycling on Carlisle Street, Wednes-
day evening, were replaced by Dr. P.
B. Bryson, center square dentist, and
given a good chance to grow firmly
again in their places.

Janice Geiselman, daughter of Mr.
and Mrs. Wilbur A. Geiselman, 58
East Middle Street, was knocked
from her bicycle when she collided
with a parked car in the second
block of Carlisle Street about 9
o'clock. Janice had looked prepara-
tory to turning when her bicycle
struck the bumper of the machine
and she was thrown to the street.

She was cared for by Mr. and Mrs.
William Durbin, near whose home
the mishap occurred, Lloyd Decker,
Carlisle Street, who was close by
when Janice was hurt, picked up the
teeth from the street and turned
them over to Mr. Geiselman a few
minutes later.

William I. Shields, North Wash-
ington Street, took Janice to the
dentist's office where the teeth were
replaced.

Although it cannot yet be known
definitely whether the teeth will
resume their growth, Doctor Bryson
said there is better than an even
chance that such will be the case.

Today's Talk

BRIEF BOOKS

I like small, brief books—books
that can be put into one's pocket
and read at leisure. I have several
hundred of these and they visit
me with their thoughts each day.
There is my little "R. L. S." bound
in full leather and sent to me by
a reader whom I had never met.

Among the many other small or
brief books are those by Dr. Os-
ler; Graclan, the Spanish philoso-
pher; "Table Talk," by William
Hazlitt; several by William
James; "The Power Within Us,"
by Daniel Long; "The Ionian Sea,"
and "The Private Papers of Henry
Ryecroft," by George Gissing;
"The Roadmender," by Michael
Fairless; "Courage," by Barrie,
and many others.

I read very few current novels,
but the brief ones often attract
me. In 1949 there was published
a novel of less than a hundred
pages called "The Plum Tree,"
by Mary Ellen Chase, and recently
(1952) was published that small
masterpiece, "The Old Man and
the Sea," by Ernest Hemingway.
These are books worth reading
and remembering.

A beautiful little volume of Mar-
cus Aurelius, in blue binding, has
been to me a table companion for
some thirty years. And there are
useful books by Logan Pearsall
Smith that I often turn to, and
a full leather bound book of "The
Complete Sayings of Jesus," given
me by the late Henry Ford.

These brief books take up small
space. They are like faithful
friends waiting at life's corners to
give a bit of cheer and hope.
It isn't the weight of a book, or
the number of pages that com-
prise it, that gives to it an impor-
tance, but the heart, or soul, with-
in it which gives to it an immor-
tality. Great thoughts, like great
deeds, actually never die. They
pass from mind to mind, from
heart to heart, and from one gen-
eration to another. Man dies but
his book lives on—and the briefer
it is the longer will that life be!

Tomorrow Mr. Adams will talk
on the subject: "Happy Moments."

Just Folks

SETTLED DOWN
Time was late with friends I'd stay:
Didn't want to go to bed.
I could dance the hours away,
Gay of heart and light of tread.
Midnight lunch I could enjoy.
Then I had, both day and night
The digestion of a boy
And a youngster's appetite.

Time was tireless golf I played.
Strength for thirty-six holes mine.
Boasted of the scores I made.
Now, I'm limited to nine.
Up the stairs two steps for one
Was the way I used to climb.
Those days have forever gone.
Now on stairs I take my time.

Lost the wish for midnight fare.
Done with dancing round the
floor.
Of such joys I've had my share.
Wouldn't ask the Lord for more.
Wouldn't whimper or complain,
Wouldn't even show a frown,
Wouldn't want that fun again.
Glad, at last, to settle down.

POTTER STANDS PAT ON MOVE TO PURGE STAFF

By G. MILTON KELLY

WASHINGTON (AP)—Sen. Potter
(R-Mich) said today he will "stand
pat" in efforts to force a shakeup
of the Senate Investigations sub-
committee's staff after Chairman
McCarthy (R-Wis) blocked them
at least temporarily yesterday.

Potter and three Democratic
subcommittee members, a major-
ity of the seven-man subcommit-
tee, are seeking the dismissal of
some McCarthy-appointed aides on
the group's staff.

Throws Out Proxy

In a closed-door meeting yester-
day at which heated words were
said to have been exchanged Mc-
Carthy:

1. Announced he would launch
public hearings in Boston Saturday
to explore his charges of Commu-
nist infiltration of defense plants,
without waiting for any showdown
on the staff.

2. Threw out the proxy vote of
the absent Sen. McClellan (D-Ark).
Sen. Symington (D-Mo) had tried
to cast it in favor of Potter's mo-
tion to fire on July 31 any staff
aide not confirmed in his job by
a majority subcommittee vote be-
fore that date.

Flanders Vote Tuesday
3. Recessed the meeting until
Tuesday noon after Sen. Dirksen
(R-Ill) had proposed a less drastic
motion for judging who, if anyone,
should be fired.

Tuesday also is the day when
Sen. Flanders (R-Vt) has an-
nounced he will move to force a
test vote in the Senate on his de-
mands that McCarthy be stripped
of committee chairmanships or be
censured.

The 12-member Republican Sen-
ate Policy Committee announced
yesterday it was lined up unani-
mously behind Sen. Knowland of
California, the Senate GOP floor
leader, in his announced plans to
try to kill the Flanders motion.

Decision Disputed

Flanders says he wants the Wis-
consin senator removed from com-
mittee chairmanships to end what
he terms McCarthy's "destructive"
force in the Republican party. The
policy committee gave no reason
for opposing his move.

Symington and Sen. Jackson (D-
Wash) both disputed McCarthy's
decision refusing to count the ab-
sentee vote for McClellan, which
they said would have assured a 4-3
margin for Potter's motion on the
subcommittee staff. But they said
they could not appeal the decision
without encountering a 3-3 tie vote,
which would have allowed McCar-
thy's ruling to stand.

Actress Is Charged With Manslaughter

LOS ANGELES (AP)—Blonde ac-
tress Lynne Baggett faces Superior
Court trial on charges of hit-run
and manslaughter in the traffic
death of a 9-year-old boy.

Municipal Judge Louis W. Kauf-
man, after preliminary hearing
yesterday, ordered the 31-year-old
actress to appear July 29 for ar-
raignment. Her bail was reduced
from \$10,000 to \$5,000.

Miss Baggett is accused of driv-
ing a station wagon which collided
with another on July 6, killing Joe
Watnick. Two witnesses testified
the station wagon was traveling
40 to 50 m.p.h.

NO COMPROMISE LIKELY ON TVA

WASHINGTON (AP)—Senate
Republican Leader Knowland of
California said today he knows of
no administration plan to offer a
compromise in the Senate fight
over a proposed new private power
plant in the Tennessee Valley.

The power issue was paramount
as the Senate again was recalled
two hours early to continue debate
on a bill to revise the Atomic En-
ergy Act. The measure would al-
low private industry into the peace-
time atomic field and would per-
mit limited exchange of nuclear
information with Allied nations.

A number of Democratic sena-
tors are backing an amendment
to the atomic bill, proposed by
Sen. Anderson (D-NM), to limit
the AEC's contract authority to
power supplied directly to atomic
installations.

Republican Sen. Cooper of Ken-
tucky, making a rare break with
the administration, announced yester-
day he would support the
amendment.

This and other evidences of sup-
port for Anderson's move led to
rumors of a possible compromise,
but Knowland told an interviewer
today he knew of none in the
works.

the United States than do forest
fires.

SAY FOREIGN AID PROGRAM OF U.S. HAS "PAID OFF"

WASHINGTON (AP)—The Senate
Foreign Relations Committee said
today the U.S. foreign aid pro-
gram has "paid off" in "greater
total free-world strength."

In a report to the Senate urging
approval of a \$3,100,000,000 foreign
aid program for the current year,
the committee majority said the
American-assisted military buildup
in Western Europe in the four
years since the Communist attack
in Korea has had this result:

"The Soviets could no longer
launch an attack without notice-
able advance preparation."

Asia Less Rosy
The report conceded that the free
world situation in Asia was less
rosy, but it added:

"Allied reverses in Indochina are
not legitimate grounds for defeat-
ism; on the contrary, they are
cause for renewed and stronger
efforts to build an effective system
of collective security in that part
of the world."

"On balance, the United States
need not be dismayed by the con-
tinuance of the Soviet threat. We
have many strong allies, and the
mutual security program embodied
in the pending bill will make them
even stronger."

DENTIST TELLS OF FATAL SHOTS HE FIRED MAY 29

ALLEGAN, Mich. (AP)—"There I

wife in shorts. There was Jules
Lack. There was a gun going off.
He was all bloody. There were
people screaming. . . I guess I
shot him. I don't remember. I

Thus in terse, vivid sentences
Dr. Kenneth B. Small, 31, a De-
troit dentist, described yesterday
before a packed courtroom all he
remembered of the May 29 shoot-
ing of his wife's sister.

Dr. Small claims he was tem-
porarily insane when Lack, 45,
New York playboy-industrialist,
was shot and killed in a south-
western Michigan rendezvous with
Mrs. Edith Small. He was ex-
pected to take the stand again today
at his first-degree murder trial.

The dentist, his voice quavering
with emotion, described the scene
when his wife, returning from a
vacation alone in Florida, told of
meeting Lack and asked for a di-
vorce.

Dr. Small said:
"I asked her if this man had said
he loved her.
"She said she did not know but
she loved him."

The dentist told of tracing his
wife to the plush summer home
near Douglas, Mich., where the
shooting occurred, through a phone
call she made home. She had said
she planned to spend the ill-starred
Memorial Day weekend with a
former college roommate in Chi-
cago.

Braves Edge Dodgers 9-8 In Thrilling 9th Inning Rally For Six Runs; Record Crowd

By THE ASSOCIATED PRESS

It was Milwaukee's last turn at bat. There were two outs. And the Brooklyn Dodgers were leading 8-3.

It looked like the end, and Milwaukee's all-time record crowd—43,633—was ready to go home satisfied at least with an even split, the Braves having won the first game 2-0.

Except for one detail—

The bases were loaded.

Adcock Connected

Joe Adcock came to bat. Reliever Jim Hughes cocked his arm and prepared to finish off the side. But Adcock connected. Two men came in on his single.

Brooklyn Manager Walt Alston, taking no chances at this point, rushed Erv Palica to the mound. The crowd went wild.

Andy Pafo came up. Palica tried hard, but Pafo got his number and slammed out a double that brought in two more runs. It was now 8-7.

First Double Defeat

Then Johnny Logan came up. This was it. And he did—a single. In came the tying run. Logan took second on the throw to the plate.

By now the incredulous crowd was ready for the kill, and catcher Charlie White's single over second, bringing Logan in, was all the Braves needed.

The score was 9-8. Milwaukee had dealt Brooklyn its first double defeat since Sept. 6, 1952.

The two losses, combined with New York's 4-0 triumph over the St. Louis Cardinals, boosted the Giants' first-place National League margin over the Dodgers to 6½ games.

AL Leaders Stay Even

Cleveland's Indians retained their half-game edge over New York in the tight American League race, defeating the Philadelphia Athletics 4-0 as the Yankees edged the Baltimore Orioles 3-1.

Chicago's third-place White Sox fell four games off the pace, losing to Washington 3-2. Detroit and Boston divided a day-night double-header, the Tigers winning the nightcap 4-2 after the Red Sox had taken the opener 3-1.

Cincinnati's Redlegs climbed in to a three-way tie for third place with Milwaukee and Philadelphia, sweeping both ends of a twin-night twin bill from the Phillies 2-1 and 4-3 to spoil Terry Moore's managerial debut. Chicago's Cubs knocked off the last-place Pittsburgh Pirates twice in the afternoon 9-3 and 3-0. Hank Sauer and Ernie Banks homered in each game.

First For Buhl

The Dodgers were limited to only three singles in the opening game by Milwaukee's Bob Buhl, who won his first game of the season after seven defeats.

Eddie Mathews slammed two homers, his 20th and 21st of the season, for the Braves. His first came in the seventh of the opener with a mate aboard to break up a scoreless duel between Buhl and Brooklyn's Bob Millikin. His second also came with a man on base to furnish Milwaukee's first two runs.

Pitcher Don Liddle and catcher Wes Westrum combined their talents to down the Cardinals. Liddle, the tiny southpaw, limited the Redbirds to five hits while Westrum walloped a home run and a single to drive in three runs.

Wynn Takes A's

Home runs by Andy Seminick and Jimmy Greengrass enabled Art Fowler to win a pitching duel from Philadelphia's Curt Simmons in the opener of their twin bill. Gus Bell's bases-loaded single in the eighth drove in the tying and winning runs in the nightcap.

Early Wynn tamed the Athletics with four hits for his 11th victory as the Indians snapped a four-game losing streak. Al Rosen doubled in the first Cleveland run and Wynn participated in the three-run rally later with a run-scoring single off loser Alex Kellner.

The Yankees scored a run on each of two passed balls by catcher Les Moss and added another on Irv Noren's homer. Their victory string is now 10 straight.

Bosox, Tigers Split

Veteran southpaw Johnny Schmitz pitched a five-hitter and outfielder Tom Umpshett drove in all three Washington runs with a single and triple in their 3-2 victory over the White Sox.

Outfielder Bill Tuttle's two-run double in the ninth snapped a 2-2 tie and gave the Tigers the nightcap victory over the Red Sox. Ted Williams' ninth homer helped Willard Nixon pick up his eighth victory in the afternoon game.

Ashley Trimble Cole, chairman of the New York State Racing Commission, has an unusual hobby. He collects and frames autographed letters and documents of famous legal personages.

48 STATES IN GOLF TOURNEY

ALBUQUERQUE (AP) — All 48 states will be represented in the annual Jaycee International Junior Golf tournament for the first time this year, officials said today.

The 72-hole medal play tournament is scheduled on the University of New Mexico course in Albuquerque Aug. 14-21. The first two days will be devoted to practice with the 36-hole qualifying play scheduled Aug. 16-17.

With the exception of New Hampshire, which will send one entrant, each state will send a four-man team picked in state qualifying play. A few state tournaments have been held, several are under way now and the rest will be held shortly.

Two-member teams are also expected from Hawaii and Panama and officials are hopeful that entries may be received from several other countries.

The qualifying play here will chop the expected 193 entries to 100 plus ties for the actual tournament.

Eastern League

By THE ASSOCIATED PRESS

Despite a grand-slam home run that made their perch tipsy, the Wilkes-Barre Barons today were back in first place in the Eastern Baseball League.

The four-run wallop was hit in a pinch-hitting role by rangy Neil Chrisley of the Albany Senators, and gave Jack Burns' club the runs it needed to trip the Barons, 7-4, in the first game of a doubleheader.

Wilkes-Barre rebounded in the second game, 4-1, and finished the night one percentage point ahead of the Elmira Pioneers, who lost to the host Reading Indians, 2-0. Elmira had been in first place by half a game. The Pioneers and the Barons have been see-sawing in one-two order most of the season.

Allentown invaded Binghamton and lost to the Triplets, 3-2, and the Williamsport Grays won an extra-inning battle at Schenectady, 2-1, before the Blue Jays came back to win the second, 5-4.

Rotary vs. Lions, 6:15 p.m.

Minor League game will follow.

The Moose clinched first place in the Little League Thursday evening by defeating the Glenn L. Bream garage team 8-1.

In the second inning the Moose pushed over a pair of runs. A single by Sprecher and walks to Little and G. Fair loaded the bases.

Two runs scored when C. Fair singled to right. The Moose added three more runs in the third. Ron Stokes led off with home run to deep left-center. Singles by Gary Maitland and Sprecher and an infield miscue put Sprankle on, to once again fill the bases. After a fielder's choice, C. Fair came through again to uncork a sharp single that scored two more runs.

In the same inning the Breammen tallied their lone run. McClellan tripled but was out at home in trying to stretch it into a home run. Nichols followed with a three-bagger. An infield error put Furney on and permitted the run.

Ad Three More

The Moose came back with three more runs in the fourth. Greg and Gary Maitland and Sprecher got in to fill the bases via infield miscues. A fielder's choice put Little on, and a single by G. Fair brought in one run while another single by C. Fair drove over two more tallies.

Charlie Fair had a perfect night at the plate by collecting three hits for three times at bat including six runs batted in. Nichols topped the losers with the same 3 for 3 record. Greg Maitland turned in a fine pitching performance for the winners as he fanned seven batters and did not allow a walk, to hurl the win. Riddlemoser also received well on the opposite mound but is tagged with the loss.

Admits His Kidnap Story Was Fiction
PHILADELPHIA (AP)—The FBI said that under intensive questioning yesterday, Walter D. Kauffman, 28, of suburban Merion, admitted that his story of being kidnapped and taken to Indiana was a hoax. Ray J. Abbaticchio Jr., agent in charge of the Philadelphia FBI office, said Kauffman admitted driving his car alone to a point near Haysville, Ind., losing his wallet on the way. He said he locked and abandoned the car near Haysville, then hitchhiked back to Philadelphia. He said he concocted the kidnap story hoping that creditors would give him more time to straighten out his affairs.

GROWING THROUGH BIBLE STUDY

Acts 17:10-11; 1 Timothy 4:13-16; 2 Timothy 2:15; 3:14-17; Hebrews 4:12

Key Verse: All Scripture is inspired by God and profitable for teaching, for reproof, for correction, and for training in righteousness, that the man of God may be complete, equipped for every good work. 2 Timothy 3:16-17

Sir Walter Scott, English novelist and poet, said in his dying hour to his friend Lockhart: "There is but one book, the Bible." Sir Walter knew books. He wrote many fine things. But when he surveyed the whole field of literature he found the Bible the supreme book. So does any Christian.

Through the Bible God makes Himself known to man. Here we find His will revealed and the

plan He has for the salvation of His people. The hand of God may be seen in the world of nature, and His voice may be heard in a sanctified conscience but the revelation of His grace and power is best learned from the sacred Scriptures. The Bible is God's textbook. Its writers were inspired by the Almighty and consequently are unerring. The messages in the Bible are the important thing, but even the form in which they were delivered is unusual and impressive. There is no poetry in literature anywhere to equal the Psalms; there is history and biography full of interest and inspiration; the parables of Jesus have a beauty and spiritual meaning all their own.

The supreme value of the Bible lies in the fact that it is the final authority in all spiritual and moral questions. "It is a lamp unto my

feet and a light unto my path."

That is an immense help to any who wander from right ways of conduct and are ready to reform. There are many lamps offered for guidance through life. The human mind has been seeking for the truth through the ages. But nowhere, except in the Bible, do we find the essentials for complete living. Dr. Charles E. Jefferson, a great preacher of a generation past, said truthfully: "The Bible lies at the foundation of the Christian world." That includes the two worlds of thought and action. By the Scripture must the final test be made. An incident in one of Paul's preaching missions is interesting. He and his companion, Silas, came to the town of Berea and preached in the synagogue. The people were attentive and "received the word with all eagerness, examining the scriptures daily to see if these things were so." Two things are to be noted. The Bereans were ready to hear new voices but carefully checked their message with the sacred writings to see if it was true. To the modern Christian who now has the complete Scriptures, the Bible is the final authority of religious truth.

How to grow through Bible study should be the concern of every Christian. When we look about for ways and means we find numerous suggestions. Timothy, Paul's spiritual son, received instruction in such sacred writings as were then available in his home and by his mother. The home is still our best school for the beginners, and Bible stories are still the best means. We have a well-filled store house of attractive materials in both the Old and the New Testaments. Tons of literature on the Bible and a study of it are issued. The danger is that more attention is given this literature than is given the Bible itself. Nothing can take the place of a regular and devout reading of the Bible. The use of a Bible dictionary and a commentary will help in the understanding of the text.

The increasing interest in religion, it is hoped, will turn many to their neglected Bibles. The benefits to be derived are given by Paul (2 Timothy 3:16-17). Abraham Lincoln's comment on the Book is echoed by every faithful reader of it: "The Bible is God's

best gift to man."

time-out

It takes a lot of energy to wield a rattle. It takes even more to crawl across the room. A fellow just has to take a time-out once in a while.

That's an important lesson for all of us to learn. It is nothing short of suicide to let one's work and recreation rob his body of the natural opportunity to replenish its resources in rest.

Our souls also need a frequent time-out. Life depletes our spiritual resources. Man needs regular times for worship, for prayer, and for religious inspiration. The Church is meeting this need in the lives of many of your neighbors and friends. Are you—and your whole family — taking advantage of the time-out for spiritual replenishment which the Church offers? We invite you to attend the church of your choice next Sunday!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake; (2) For his children's sake; (3) For the sake of his community and nation; (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Frederick Attorney Dies On Wednesday

William Clinton McSherry, 66, prominent Frederick attorney, and son of the late Chief Judge James McSherry of Maryland's Court of Appeals, died at Frederick Wednesday night.

A prominent civic leader, McSherry twice sought the 6th Judicial Circuit Judgeship but was defeated both times. He headed war bond drives there in both World Wars and was active in many service groups.

A widower, McSherry is survived by two sons, William Clinton Jr. and James, both of Frederick.

MANY EXHIBITS

(Continued from Page 1)
Displays by commercial exhibitors form a backdrop along the main ledge above the contestants' wares.

Both the Knouse Food Corporation and the C. H. Musselman Company are participating in the show which is co-sponsored by the Gettysburg National Bank and the Pennsylvania Cherry Growers Association.

Arrangements for the show are being supervised by George T. Raffensperger, trust officer of the Bank and project chairman. He is working in conjunction with William Boyer Lower, president of the Pennsylvania Cherry Growers Association.

Raffensperger explained that the show behind the cherry show is two-fold to educate the touring public as to the county's national status as a cherry producing region, and to give out-of-town visitors a form of evening entertainment.

Award Cash Prizes
"The object of this show," he maintained, "is not to advertise the bank, but to publicize the fact that Adams County ranks 11th in the nation and first in the state in the production of cherries."

During the past week, through the courtesy of the Gettysburg Junior Chamber of Commerce, invitation cards were placed in tourist homes and motels surrounding Gettysburg.

County housewives will vie for four cash prizes. Judging the various entries will be a nutrition specialist from the Pennsylvania State University Extension Service, Marjory Wormeck. She will base her decisions on appearance, good color, flavor, texture, beverage, and recipe. A recipe, typed or printed on a 5 x 7 card, must be submitted with each display.

Wives of cherry growers assisting in the promotion of the show are: Mrs. Ryland Garretson, Mrs. John G. Wilson, Mrs. Nelson Weber, Mrs. Roy Tate, Mrs. O. J. Heacock and Mrs. Clay Snyder.

Miss Wormeck began judging soon after today's 2:30 o'clock deadline.

RAFT ATTEMPT CALLED STUPID BY CREWMAN

SAN FRANCISCO (AP)—The raft Lehi's quickly ended drifting expedition toward Hawaii today was labeled both "stupid, ill-begotten" and "a floating marine survival laboratory."

Radio operator Don Smith made the criticism in a copyrighted story in today's San Francisco Chronicle. He said he wanted no more.

Dr. Arthur Fearon, philosophy professor at the University of San Francisco and sponsor of the Lehi, had issued his praise to newsmen a couple of hours earlier. He said the other four crew members were anxious to try the trip again—as soon as the raft can be repaired. First it would have to be found. It was abandoned some 60 miles off the central California coast when the five were rescued early yesterday.

Compasses Far Apart
Smith charged: "They couldn't navigate their way out of a garage with the door open. They had two compasses . . . 30 degrees apart."

Dr. Fearon:
The crew could have put out to sea westward . . . but purposely hugged the shore looking for a boat to remove Don Smith. . . . The raft was amazingly maneuverable with 180 degree directional control."

The five crewmen were picked up by a banana freighter, the Metapan, yesterday and returned here last night.

Fearon's statement, issued after consultation with Baker and other

Labrador Ore Is Due On August 5

PHILADELPHIA (AP)—Officials of Canada, the United States, Pennsylvania, New Jersey and Delaware will participate in ceremonies Aug. 5 welcoming the first load of iron ore here from the Labrador-Quebec fields.

A 20,000 ton load of the ore, the first to be received anywhere from the fields, will be carried by the S. S. Hawaiian, the Delaware River Port Authority said yesterday.

Earlier this year the first shipment of ore from a Venezuelan field also entered the Philadelphia port.

House Passes Bill On Building Abroad

WASHINGTON (AP)—A bill authorizing \$87,389,000 in military construction in the United States and overseas today needs only President Eisenhower's signature to become law.

The measure, a compromise of bills passed previously by the house and senate, was passed yesterday by a voice vote in the house. Appropriations must still be made for the work.

Included were these Pennsylvania projects:
Frankford Arsenal, Philadelphia, \$1,626,000; Letterkenny Ordnance Depot, \$2,190,000; Philadelphia Naval Shipyard, \$3,415,000; New Cumberland General Depot (U. S. Disciplinary Barracks), \$492,000; Greater Pittsburgh Airport, Coraopolis, \$245,000, and Olmsted Air Force Base, Middletown, \$1,970,000.

Crewmen except Smith, also denied that the raft was out of control and that the crew was in danger of starving.

WHEAT FARMERS

high price supports. Their alternative vote would mean uncontrolled production—and low price supports. If the farmers vote in favor of the acreage allotments, then they will receive somewhere between 75 and 90 per cent of parity for their wheat. And producers who exceed their quota will not only lose their price support eligibility but will be subject to a penalty on their excess wheat.

That has already happened to about 40 Adams County farmers. Of that number about 20 have signed agreements to further reduce their 1955 wheat acreage by a figure equal to that which they overplanted in 1954, and will hold the wheat in bond until next year. About six have paid their fines of \$1.12 a bushel outright, figuring that was the easiest way out of the difficulty.

Thirteen are uncertain what they plan to do. They have a choice of paying up now or having the government levy on their farms no matter what they do with the wheat.

On the other hand, if quotas are disapproved, there will be no marketing quotas and no market penalties. But, allotments would be given. Those farmers who kept within their allotments would be eligible for a price support of 50 per cent of parity. Those who do not keep within their allotments would have no price support at all.

In effect, the farmers are told if they want high prices they must cut down their acreage. The United States has in storage wheat totaling about 79 per cent of a whole year's crop.

Next week committees will be appointed by the ASC to conduct the vote in each district. Those selected to handle the vote must be farmers who produce more than 15 acres of wheat.

to use a pair of adjustable crutches as a safety measure. He'll go back to W. Orange in October in the fall clinic for a checkup.

Larry is always welcome at the Kessler Institute where staff members describe him as "an amazing kid" and have made a color motion picture film that covers Larry's history from the time of his first visit to the institute as an infant, through the time he was first fitted with footless "stubbles" in August, 1931, and then shows him with his first set of artificial legs and feet that he got January 13, 1933.

Wants To Be A Doctor

These new legs are adjustable and are expected to serve Larry for two years or more, Mr. and Mrs. Kepner were told. They accompanied their son to W. Orange and stayed with an aunt at New Market, N. J., while their boy's new legs were being completed and fitted.

Larry's discarded set of legs were kept at the Institute at the request of the staff there "to show other people what can be done for a legless boy."

Larry, who was born in the Warren Hospital February 25, 1947, has finished his first year of schooling—

and his determination to be a doctor when he grows up is just as firm as ever.

Eager For New School

At High Street School where he was a First Grade pupil last year, teachers described him as "a good student who wants to learn." He'll go there again in the fall where as a Second Grader he'll again be assigned to a first floor room.

Larry is pleased with the prospect of getting into the new grade school building here for his third year "because that building is all on one floor." At High Street, Third and Fourth Grades are on the second floor. Larry can manage stairs easily without his legs but they complicate his movements when he is wearing his mechanical legs.

The boy, who talks easily with visitors and continues to come up with a ready smile, spends much of his time during this summer with his electric trains that are a permanent fixture on a large platform in the Kepner living room. He has trucks, armored cars loaded with soldiers and mobile anti-aircraft guns that help him pass contented hours at his home. A pet and companion is a bright green parakeet that Larry hopes to be able to teach to talk.

LANGUAGE IS BIG ISSUE IN MURDER TRIAL

PERCE, Que. (AP)—Selection of a jury in the murder trial of Wilbert Coffin awaited a court ruling today on the defense plea that only English-speaking jurors should be chosen from this area, where French is the only tongue for most.

Coffin, 43-year-old prospector, is charged with the slaying last summer of 17-year-old Richard Lindsey of Hollidaysburg, Pa. The youth, his father Eugene, and 20-year-old Albert Clair were killed while hunting for bear in the wild bushland of the Gaspé Peninsula.

Coffin pleaded innocent at the trial's opening yesterday and Defense Counsel Francois Gravel contended that because the defendant speaks only English, that also should be the language of the jurors.

Law Requires Six
Quebec law provides that at least six English-speaking jurors must

sit at trials of English-speaking defendants.

Justice Gerard LaCroix said he would rule on the defense motion today.

The prosecution argued that it would be difficult to grant the defense request because only 12 to 15 per cent of the area spoke English.

Already 300 persons have been summoned as prospective jurors. Of an initial 150, Justice LaCroix excused 36 who said yesterday they were fishermen and farmers now at their peak work season and would suffer losses if tied up by a lengthy trial.

Another 150 prospects were summoned to join the remaining 114 today but more of such exemption requests were expected.

Coffin appeared tried at the opening session yesterday, after being brought here from Quebec. He has been held in jail there since last August, when he was charged.

35,000 TURKEYS LOST

LANCASTER, Pa. (AP)—About 35,000 day-old turkeys were destroyed at the Ephrata Hatcheries at nearby Reamstown last night. Sixty volunteer firemen from six companies battled the blaze.

No Compromise This Time!

It was over twenty years ago that he took title to his first motor car—and, since that time, he has owned and driven almost a dozen different automobiles.

And yet, every time he accepted the keys to a new car, he knew in his heart that it was a compromise.

For—like so many millions of his fellow men—he had his heart set on a Cadillac!

Well, there's no compromise this time! The magic moment has arrived. The papers are all in order... the keys are in his hand... and the car of his dreams is waiting for him to take the wheel. It's his!

And, if you could but ride with him on that first journey, you'd understand what it means to have a motoring dream come true.

You'd see excitement in his eyes as he rolls majestically through the city's traffic—and puts his Cadillac through its thrilling paces on the open road.

You'd see honest pride in his face as he sits, calmly

and serenely in the driver's seat, and catches the admiring glances of his fellow motorists.

And you'd sense the joy in his heart as he turns down that familiar street and heads for the happiest homecoming of the year!

In short, you'd witness a motorist in his finest hour—living out an experience that has no counterpart in the world of transportation. It is a thrill and an inspiration and an education—all rolled into one.

A friend of ours put it this way. "There are two kinds of automobiles," he told us. "There are Cadillacs—and there are all the others."

Whether or not you've driven "all the others," we can't say. But of one thing we are certain: Until you've spent an hour in the driver's seat of a 1954 Cadillac, your motoring education is not complete.

Why not come in soon and do so?
